

Care of Australian Made Timber Furniture

1825 interiors uses Australian hardwood which comes from recycled old fence palings. To prolong the life of your your timber furniture, please follow these guidelines:

Sunlight

Do not place timber furniture in direct sunlight for extended periods of time or discolouration may occur. This product is for indoor use only and will not be covered by our warranty if it is placed outdoors.

Direct Heat

Avoid positioning furniture close to heaters as timber table tops may warp. Take care not to place hot objects like coffee mugs directly onto the surface as white rings/marks can result.

Positioning & Assembly

Ensure that furniture is lifted, not dragged, across the floor or you will risk damaging both the product and the floor. Although most of our furniture is fully assembled, beds & tables require some assembly. Avoid over-tightening bolts as cross-threading can occur.

Cleaning & Maintenance

Do not use cleaning products which contain silicone or linseed oil. 1825 interiors recommends using Howard products to clean, nourish, protect and enhance the beauty of your timber products.

Manufacturer's Warranty

1825 interiors warrants that our Australian made timber furniture are free from manufacturing, structural or materials defects for 24 months from the date of delivery. This warranty only applies to products that are used for normal domestic purposes and excludes those used for commercial purposes. It is only valid for the original purchase and is not transferable.
