

Care of Upholstered Fabric Chairs

1825 interiors has a wide selection of chairs which are upholstered in a variety of fabrics. The fabric composition of each chair will vary and this information can be found on our website as well as the information tag attached to the product at time of purchase. The fabric composition will determine the specific care instructions for each product, however general fabric care remains the same.

General Care

Vacuum weekly using low suction and rotate cushions regularly, if applicable.

Spot Cleaning

It is important to treat stains and spills as soon as they occur. For peace of mind, we recommend purchasing fabric protection for a small additional cost which is applied for you by our trained staff before delivery.

Colour Care

Avoid direct sunlight and heat. It is important to note that no fabric is 100% colour fast and it is impossible to prevent colours from fading unless adequate precautions are taken in the home.

Manufacturer's Warranty

1825 interiors warrants that our upholstered fabric chairs are free from manufacturing, structural or materials defects for 12 months from the date of delivery. 1825 interiors will repair or replace the faulty product during the warranty period.
